Cabinetry:Linear Foot Custom Cabinets - MELAMINE CLOSET SYSTEM IN-STOCK TEXTURED MELAMINE (WHITE MELAMINE - \$18,765.00)	139	155.00	21,545.00

Linear Foot Takeoff Disclaimer

This estimate is based on a preliminary linear foot takeoff and is intended for budgeting purposes only. Linear foot pricing is an approximate method used to provide an early estimate before final cabinet layouts, dimensions, materials, finishes, accessories, appliance specifications, field measurements, and construction details are fully confirmed.

Final pricing may change once drawings are completed, selections are finalized, site conditions are verified, and the full scope of work is reviewed. Changes to cabinet design, height, depth, specialty storage, finished ends, panels, moldings, decorative hardware, wood species, finish, installation requirements, or customer-requested revisions may affect the final contract price.

This estimate should not be considered a fixed bid until final

drawings, specifications, and scope of work have been approved in writing.

TOTAL	\$215,450.00
